The Minnesota Building Jobs Coalition would like to thank each of you for your efforts trying to put Minnesota's vertical building industry men and women back to work.

The Governor's March 14th veto letter of numerous bonding projects has suggested that additional projects can be identified and revisited for bonding.

The Building Jobs Coalition encourages you to engage in this discussion with the Governor and his staff.

We believe additional projects can be identified and bonded as suggested by Governor Pawlenty.

Our Coalition stands ready to assist you with this effort.

Thank you again for your hard work and for your serious consideration of our request.
