- ❖ **Project Name:** St Paul Event 1365 MacKubin & Childs Rd Lift Station Rehabilitation
- ❖ **Project#:** State Proj. #: 219-591-001/MN Proj. #: TA8224 (168)
- ❖ **Bid Date/Time:** May 1<sup>st</sup>, 2024 @ 10:00am
- ❖ **Bid Docs:** <https://meyer-ci.sharefile.com/public/share/web-sbf948ac63c434d089bcf4d665ecd15b2>

### Work Scopes Needed:

Traffic Control	Bypass	Street Sweeping	Erosion Control/Seeding
Asphalt	Electrical	Coatings	Clean and TV
Concrete Flatwork	Aggregates	Topsoil	Precast
Pipe	Pumps - Flygt	Sluice Gates - Fontaine	Aluminum Platform Materials/Install

Submit Quotes To: [estimating@meyer-ci.com](mailto:estimating@meyer-ci.com)

### Project Description:

**Goal = 5% MBE / 10% WBE / 10% SBE**

VOP helps local small (SBE), small minority-owned (MBE), and small woman-owned business enterprises (WBE) take part on City contracts. The Saint Paul Administrative Code (Chapter 84) governs VOP. Generally, VOP applies on contracts with a total cost of at least \$50,000. VOP strives to award purchases of **goods, services, and construction** opportunities to eligible local SMWBEs. The Central (CERT) Certification Program certifies eligible businesses. Generally, there is a goal to award at least 25% of opportunities to certified businesses. The 25% business inclusion goal is broken down as follows: **•5% minority-owned business enterprises (MBE) •10% woman-owned business enterprises (WBE) •10% other small business enterprises (SBE).** VOP evaluates each project and contract on its own, and business inclusion goals may vary for several reasons, such as actual available business opportunity. The federal DBE program will govern certain City contracts. If that is the case, you are subject to DBE requirements and not VOP. The U.S. Department of Transportation governs the DBE program under Chapter 49 of the Code of Federal Regulations Part 26. If DBE applies, information pertaining to those requirements will be included with this specification. **Procedure** Under VOP, you must seek vendors that are currently CERT certified. **The searchable database of certified companies is at <https://cert.smwbe.com>.**

### Class of Work:

Road Lift Station Rehabilitation

**If you need assistance in obtaining bonding, lines of credit, insurance or would like assistance obtaining necessary equipment, supplies, materials, or any other related assistance, please contact Project Manager/Estimator, Scott Pelletier at (763) 391-5990 or [estimating@meyer-ci.com](mailto:estimating@meyer-ci.com)**

***Meyer Contracting is an Equal Opportunity/Affirmative Action Employer. Minorities, women, disabled, and veterans are encouraged to apply for available openings.***
